Personal Summary:

A highly organized, detail-oriented and technically minded BSC pursuing Computer Science Student, with intermediate level of experience in the computing, marketing and media sectors, seeking to obtain professional experience in a facility where my skills can be honed and utilized.

I have 3+ years - MERN freelance front-end development, 2+ years - Web3 development, 2+ years - Meta community manager as well as certifications from LinkedIn, sololearn, meta (Facebook) and google.

On a personal level, I possess an outgoing, calm and positive multitasking attitude, proficient communication and teamwork skills, and I am more than willing to learn new skills. I will like to join an ambitious company that is looking to recruit a talented Computer operator with potential.
